

## LOCATION

The workshop will take place at EDF's R&D site in Clamart, about 20 minutes from Paris.

More information about Paris and accommodation / transportation facilities can be found on the WIPFOR web site.

## IMPORTANT DATES

Abstract submission	February 15, 2010 February 28, 2010
Notification of acceptance	March 8, 2010 March 15, 2010
Early registration	March 15, 2010 March 30, 2010
Late registration	April 30, 2010
Workshop	June 3-4, 2010

Updated information about the workshop can be found on the WIPFOR web site.

## Workshop Industry & Price Forecasting

Paris, France  
June 3-4, 2010

## THE WORKSHOP

---

The first "Workshop Industry & Price Forecasting" (WIPFOR) will be held on June 03-04, 2010 in Paris.

This workshop is devoted to time series forecast techniques using non stationary signals and to uncertain decision making chain applications. This subject covers a wide panel of industries: energy, finance, transportation and ecology.

The purpose is to bring together academics and industry professionals to share different experiences and discuss future trends related to this area. Both theoretical and practical issues will be considered.

## THE SCHEDULE

---

The workshop will consist of plenary sessions (about 40 min) and regular sessions (about 20 min); the allowed time includes questions and discussion. Each regular session will be dedicated to a specific topic.

The Program Committee invites the submission of abstracts related to the theory and practices on those topics. Those presenting papers in regular (track) sessions may co-author multiple papers, but may present only one paper.

## INSTRUCTIONS TO AUTHORS

---

A title and an extended abstract (maximum of two pages A4) of the proposed contribution are required. A notification of acceptance will be sent on March 15, 2010.

During the workshop, printed handouts or CDROM will be issued, which will include abstracts of contributions. Copies of transparencies and any additional material (references, software, etc.) will be available on the website after the workshop. Full papers are not requested.

Detailed instructions relative to abstract submission can be found on the WIPFOR web site.

## TOPICS

---

- 1 -

### Methods for uncertain future

**Uncertainties, forecast interval and probability forecast**

**Bayesian method and inverse problem**

**Physical model and extreme data**

- 2 -

### How to manage nonstationarity

**Univariate and multivariate modeling**

**Non parametric model and functional data**

**Clustering and individual approach for forecast**

**Mixing individual predictors**

## LANGUAGE

---

English will be the language for both presentations and written documents.

## REGISTRATION FORM

---

Prospective participants are invited to fill out the electronic participation form provided on the WIPFOR web site.

Participants can also use the workshop's e-mail address for registration or any correspondence.

## FEES

---

Early registration fee (until March 15, 2010): 200\* euros (400\* euros for companies).

Late registration fee (until April 30, 2010): 250\* euros (500\* euros for companies).

*Fees include: registration, proceedings, coffee breaks and lunches.*

Social Program (Dinner): 50\* euros

Payment can be made by cheque or automatic transfer. Payment upon arrival at the workshop will not be possible. Bank account details are given on the WIPFOR web site.

\* Add TVA for France

## REGISTRATION – DETAILS
