*Topic 1: Methods for uncertain future OR Topic 2: How to manage nonstationarity*

**Title of Talk**

**First AUTHOR<sup>1</sup>, Second AUTHOR<sup>2</sup>**

<sup>1</sup> Affiliation, Country

<sup>2</sup> Affiliation, Country

The extended abstract of the proposed contribution should state in no more than three pages A4 the nature of the problem you are addressing and why you are studying it. It should provide background information about the work and its significance, while highlighting other relevant literature and specifying how it relates or differs from your work. You should also discuss the scope and limitations of your study.
